

3. Congratulations from the Staff members of the Institute of Engineering Materials and Biomaterials of the Silesian University of Technology in Gliwice, Poland

On the occasion of the Great Ceremony of conferring the Title and Distinction of

Doctor Honoris Causa of the University of Miskolc in Hungary

on behalf of all the Staff members

of the Institute of Engineering Materials and Biomaterials

of the Faculty of Mechanical Engineering

of the Silesian University of Technology in Gliwice

I give my sincerest congratulations and compliments

for outstanding scientific and organisational achievements,

for many years of genuine labour put into the education of many generations

of Engineers, PhDs, DScs and Professors and for generous contribution

into the development of Materials Engineering.

I wish wholeheartedly further personal and professional successes

and many years of life in good health, happiness and well-being.

Sincerely yours

Professor Ryszard Nowosielski, DSc, PhD, MSc, Eng,

Director

of the Institute of Engineering Materials and Biomaterials

of the Silesian University of Technology in Gliwice, Poland

Gliwice, 24th June 2016
